## Cabot Mtg (2/22)

one well for all, H2O on Friday, Cabot provided H2O on their own  
 (Society) pad within 500 ft. they're planning on drilling  
 current well is <sup>4,600 ft</sup> ~~2,000 ft~~ away

sufficed reverse osmosis system; will stop H2O when that works  
 Cabot would provide H2O on case by case basis in future

KH

didn't understand arsenic levels esp. arsenic flagged data  
 winterizing of tanks w/ anti-freeze

- might be source of glycol

VB

issue w/ well construction in PA

HG

they're sensitive to bad publicity

VB

identified 10 H2O sufficed in our study area

HZ

this needs clarification

RB

They have issues w/ newest locations of wells

RB

today's mtg is 3:15 PM w/ update to me by 7PM today  
 no need to meet daily

LAB UPDATE: CCP

updated re. from some labs

not sure of any red flags yet

DC

MN - Dawn reviewed; no actionable level yet  
~~to review~~  
 levels

HZ

electronic copy to L drive in future

hard copies to Paul Van Riel

Jennie

not expecting questions on today's call w/ state office

(2)

MK a few inquiries received; handled on case by case basis

Walt Com Plan

RB

## Ex. 5 - Deliberative

DC we have about 2 weeks for this  
 - has mtg w/ OSC's tomorrow  
 since rolling release, build on decision for every wk

RB

## Ex. 5 - Deliberative

RB

DC need 1-1.5 weeks to prepare messaging  
 ≈ March 12

Joan Press office needs to know since they send update weekly  
 to Admin.'s office

RB

we may get scooped

DC most of early items<sup>sampled</sup> are ones Cabot + State couldn't do

Joan 1/23 started sampling; we told reporters 5 weeks until results

DC

We need to get to citizens first

VB

" " " off plan about bgrd to citizens  
 - ex. well maintenance

VB

We still don't have or know pre-drill data

DC

2007 old pre-drill data will probably not be of use to us; current pre-drill data will be

(3)

HDT include meaning of pre-drill data + other terms  
in common to non-residents

WW convert on 2/26 worksheet - send asap

RB any need to meet daily
